

## Asu Dhakal

asutosh.dhakal@utexas.edu — 469.569.3338 — asutoshdhakal.github.io

<b>Education</b>	University of Texas at Austin Bachelors of Science, Computer Science	Expected December 2019
<b>Experience</b>	<b>Bankrate</b> , Austin, TX <i>Software Engineering Intern</i> <ul style="list-style-type: none"><li>• Implementing an API service using Spring Boot in an Agile environment</li><li>• Deploying containerized applications using Docker and AWS</li><li>• Developing front end logic using NodeJS, React/Redux, and Express</li><li>• Creating revenue processing systems to analyze and parse through large amounts of transaction data</li></ul> <b>Livestrong Foundation</b> , Austin, TX <i>Software Developer Intern</i> <ul style="list-style-type: none"><li>• Used MongoDB and NodeJS to add functionality to the website</li><li>• Updated web page content using Drupal and HTML/CSS</li><li>• Created a way to allow optimal search results when user's search for local YMCA spots using LeafletJS</li></ul>	May 2017 - Present  January 2017 - May 2017
<b>Projects</b>	<ul style="list-style-type: none"><li>• Machine Learning Algorithms — scripted various machine learning algorithms using libraries such as TensorFlow, DEAP and implemented gradient-descent, hill-climbing, and genetic algorithms.</li><li>• WhereUT? — creating an application that allows users to find other students on campus and schedule hang-outs and social gatherings. Used Google's Firebase and authentication services from Twitter and Facebook.</li><li>• Listify — developed a small web app that returns Spotify playlist suggestions based on a user uploaded picture. Used python's Spotipy API and Microsoft's vision API.</li><li>• AndBinaryOr — implemented and trained a simple neural network using two hidden layers to correctly output binary operations.</li><li>• MarkUp — created a Google Chrome extension that allows users to save notes and MLA citations on a given web page.</li><li>• Huffman Compression — built a fully functional compression and decompression user interface.</li></ul>	
<b>Activities and Honors</b>	UT Saaya - Competitive Dance Team, <i>Member</i> Mobile App Development, <i>Member</i> University Honors	August 2017 - Present August 2016 - Present Fall 2016, Fall 2017
<b>Skills</b>	<u>Programming Languages:</u> Java, Python, <i>Familiar with:</i> C <u>Tools:</u> <i>Familiar with</i> iOS, React/Redux, Django, Flask, HTML, CSS, Spring Boot	
<b>Coursework</b>	Data Structures and Algorithms, Computer Architecture, Discrete Mathematics, Linear Algebra, Multi-variable and Integral Calculus, Computational Intelligence, Statistics and Probability
